Education

University of Michigan **June 2026 – May 2027**
Master of Business Analytics
Texas Christian University **August 2022 – May 2026**
Bachelor of Business Administration in Business Information Systems GPA 3.98/4.0

- **Honors/Awards:** John V. Roach Honors College, Dean's Honor List.
- **Relevant Coursework:** Business Information Systems, Statistical Analysis, Supply Chain Management, Introduction to Accounting, Organizational Management, Systems Planning and Process Analysis, Cybersecurity.

Academic Projects

Healthcare Analytics Capstone Project **Aug 2025 – Dec 2025**

- Analyzed and standardized raw healthcare datasets from multiple systems using Python and SQL, reducing manual processing time by approximately 80%.
- Identified inconsistencies in terminology, reporting logic, and data structures to improve data quality and support reliable business analysis.
- Collaborated with clinical and technical stakeholders to translate complex data challenges into actionable business recommendations, contributing to an estimated $1.3M in potential annual cost savings.

Business Intelligence & Customer Analytics Project **Jan 2025 – May 2025**

- Leveraged Alteryx and Tableau to prepare, analyze, and visualize business data for decision-making.
- Evaluated discount strategies across product categories, finding that discounts above 30% reduced average profit margins by 50-60%, leading to recommendations for margin-based pricing controls.
- Classified customers into one-time and repeat buyers, identifying significant regional differences in customer loyalty to support targeted retention strategies.
- Performed cross-sell analysis to identify high-value product pairings, recommending bundled offerings and category-based marketing campaigns to increase revenue opportunities.

Business Intelligence & Sales Analytics Project **Aug 2024 – Dec 2024**

- Led a 4-member team using Agile methodologies to analyze and optimize the AdventureWorks database, improving data organization and supporting scalable reporting workflows.
- Developed advanced SQL queries to analyze customer purchasing behavior, product performance, and sales trends, generating insights to support business decision-making.
- Built Power BI dashboards and executive-style reports to communicate key business performance metrics and analytical findings to non-technical stakeholders.
- Translated complex transactional data into actionable insights by identifying revenue patterns, customer trends, and operational performance indicators.

Business Process Improvement & Systems Analysis Project **Aug 2024 – Dec 2024**

- Conducted SWOT and business process analyses to identify inefficiencies in inventory tracking and customer relationship management workflows, leading to process improvement recommendations.
- Evaluated operational bottlenecks and proposed optimized future-state ("To-Be") process models.
- Developed user personas, user stories, and project planning documentation to define business requirements and align technical solutions with stakeholder needs.

Global Business Market Entry Strategy Project **Jan 2024 – May 2024**

- Developed a comprehensive market entry strategy and business plan for Instacart's expansion into India by integrating CAGE, PESTEL, SWOT, and Hofstede's Cultural Dimensions analyses.
- Evaluated regulatory, cultural, economic, and competitive factors to recommend a joint venture as the optimal market entry strategy while addressing India's FDI regulations and local market conditions.
- Designed strategic recommendations spanning market positioning, pricing, customer segmentation, sales channels, and ethical labor practices to support long-term growth in the Indian e-commerce market.

Skills

- **Analytics & Visualization:** SQL, Python, Tableau, Power BI, Alteryx, Excel, SAP.
- **Business & Analytical Frameworks:** Agile, Scrum, Lean, SWOT, CAGE, Design Thinking, Systems Thinking.
- **Technical Tools:** MS Visio, MS Project, Cherwell, Microsoft Office Suite.
- **Core competencies:** Data Analysis, Data Visualization, Business Process Improvement, Critical Thinking, Problem Solving, Cross-functional Collaboration, Stakeholder Communication.
- **Certifications:** Microsoft Office Specialist (Excel & PowerPoint).
